The Employer Support of the Guard and Reserve (ESGR) can assist Soldiers and Airmen with the Mississippi National Guard in finding employment. The Employment Initiative Program (EIP's) goal is to improve employment opportunities for transitioning service members while enabling America's employers to tap into the pool of talented men and women resident in the Guard and Reserve.

EIP focuses on connecting employers with the talented pool of service members and spouses, with the intent of facilitating meaningful employment opportunities. EIP is a collaborative effort with the Guard and Reserve to create efficiencies, enhance the employment process and serve as an effective resource for service members and employers.
